### Notice Concerning Revisions to Consolidated Financial Results Forecast for the Fiscal Year Ending March 31, 2026

At the meeting of the Board of Directors held today, Japan Cash Machine Co., Ltd. (hereinafter referred to as the "Company") resolved to revise its consolidated financial results forecast for the fiscal year ending March 31, 2026, which was previously announced on May 9, 2025, in light of recent business trends. The details are as follows.

#### 1. Revision to the consolidated financial results forecast for the fiscal year ending March 31, 2026 (April 1, 2025 – March 31, 2026)

	Net sales	Operating profit	Ordinary Profit	Profit attributable to owners of parent	Basic earnings per share
	Millions of yen	Millions of yen	Millions of yen	Millions of yen	Yen
Previous forecast (A)	31,000	1,400	1,000	3,200	118.82
Revised forecast (B)	31,000	2,600	3,500	5,000	184.54
Change (B) – (A)	—	1,200	2,500	1,800	—
Change percentage (%)	—	85.7	250.0	56.3	—
(Reference) Consolidated Results for the previous fiscal year (Fiscal year ended March 31, 2025)	37,815	4,910	4,676	3,810	140.98

#### 2. Reasons for the revision

With respect to the consolidated financial results forecast for the fiscal year ending March 31, 2026, although net sales in the equipment for the amusement industry segment are below the initial forecast, overall net sales have generally been in line with the initial forecast, supported by increased sales of high-margin products, such as bill validator units for gaming machines, particularly for the North American market in the global gaming segment. As a result, operating profit is expected to exceed the previously announced forecast. In addition, as the foreign exchange rate, which had initially been assumed to move toward yen appreciation, has instead moved toward yen depreciation, foreign exchange gains are expected to be recorded. Accordingly, ordinary profit and profit attributable to owners of parent are expected to exceed the previously announced forecast.

There are no changes to the year-end dividend forecast for the fiscal year ending March 31, 2026.

(Note) The above financial results forecasts have been prepared based on information available as of the data on which this material was announced, and actual results may differ from the forecasts due to a variety of factors going forward.
